

# Grohe Vitalio Wall Holder Set 2 Sprays (Rain, Jet)

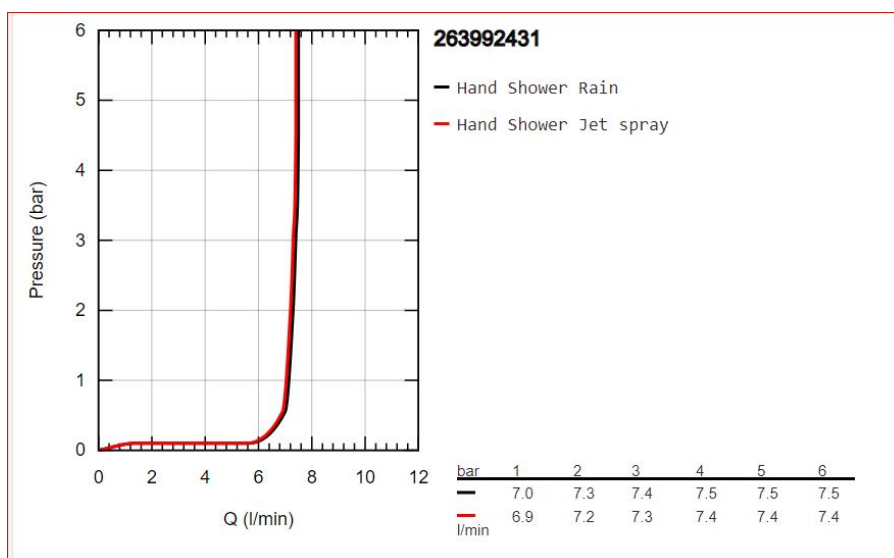

<b>Range:</b>	Vitalio
<b>Description:</b>	<p>AVAILABLE JUNE 25 More comfort, advanced features and a striking look make the GROHE Vitalio Comfort 110 shower set in matt black an attractive upgrade in every respect. The 110x110mm hand shower features 2 sprays to suit different moments: soothing Rain eases stress, while the focused Jet is ideal for rinsing hair after shampooing. Both are easy to access using the innovative GROHE SmartSwitch diverter on the back of the shower head. The GROHE DreamSpray technology matches the flow of water from each nozzle, for a uniform spray pattern. It's efficient too, with the GROHE Water Saving flow limiter that significantly reduces water consumption without compromising on performance. A minimum of 0.2 bar of pressure is recommended. GROHE SpeedClean enables you to brush the nozzles free of limescale with just a finger. The ShockProof silicone ring protects the hand shower itself, or the shower tray or bathtub, from damage if it's accidentally dropped. The package includes the VitalioFlex Trend 1750mm shower hose and the Vitalio Universal non-adjustable wall holder. The sturdy hose is built to revel in hard work and can withstand water pressure up to 5 bar, tension up to 50kg and heat up to 70°C. The smooth surface is easy to clean – one quick wipe with a dry cloth and it looks as good as new – and it won't cause any damage if it comes into contact with the shower cubicle or bathtub. The AntiFold design ensures it won't bend and end up with annoying kinks. With the low-maintenance and hard-wearing GROHE Long-Life finish, this set will stay looking pristine for years to come. No tools required – thanks to the QuickFix promise, installation is surprisingly easy! The Universal Mounting System fits all standard shower hoses – just screw the hose in place. And the GROHE ProGrip nuts of the hose have a knurled surface for optimal grip and easy tightening. And the holder can be screwed (screws and dowels included) or, for an even more convenient solution, glued! All you need is 1 x GROHE QuickGlue Set S (41247000, sold separately). The holding force is max. 20kg! If you need some extra guidance, watch our QuickVideo or have a look at the QuickGuide.</p>
