

# Grohe Rainshower SmartActive 310 Cube Head Shower Set 430 mm, 2 Sprays

**Range:** Rainshower SmartActive 310 Cube

**Description:** For that vital shower get your day started, as well as that calming routine to wind up the day, the GROHE Rainshower 310 SmartActive head shower has the functionality you need. It offers a choice of two spray options that you can switch between, or select together. There's the GROHE PureRain spray, which encloses you like soft summer rain, while the new GROHE ActiveRain pattern has the power to rinse out shampoo as well as giving you a stimulating head, neck and back massage. Select your spray pattern using the ergonomic push-turn button of the separately available Grohtherm SmartControl thermostat or GROHE SmartControl mixer. The square 310mm head shower is wall-mounted on a 400mm arm for complete coverage and optimum ease of use. GROHE DreamSpray technology means the flow from all of the shower's nozzles will be perfectly adjusted. SpeedClean technology allows you to brush limescale from the nozzles with just a wipe, while the long-lasting GROHE StarLight chrome finish will maintain its flawless looks long into the future. With safety in mind, a super-insulated Inner WaterGuide directs hot water away from surfaces, preventing them from overheating and allowing the lustrous chrome finish to last even longer. This product requires either GROHE Rainshower Universal rough-in set 26484000 (with water-saving GROHE EcoJoy function) or 26483000 (without GROHE EcoJoy), to be ordered separately.
