

Grohe Grohe Thermostat for concealed installation with 2 valves

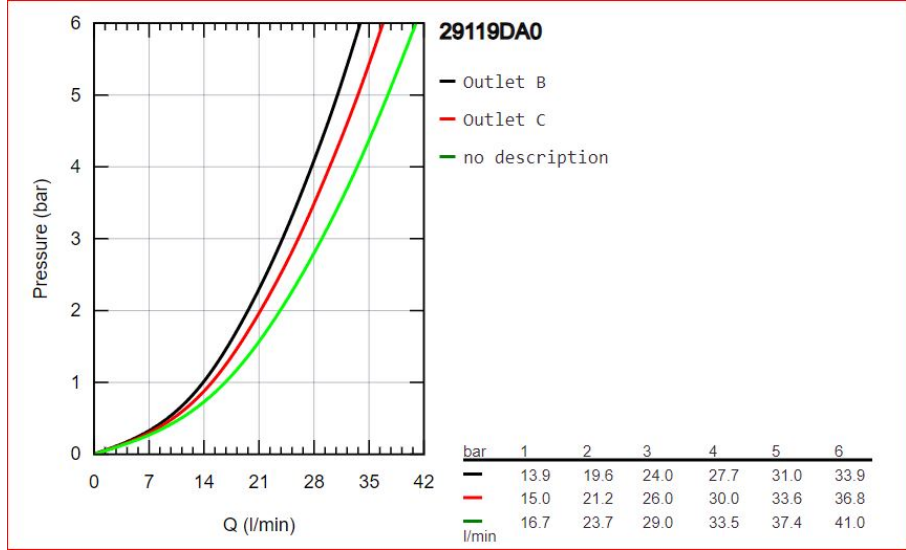

Range:	Grohe
Description:	Step into a shower or bath that will not disappoint with this Grohtherm SmartControl concealed thermostat in chic Warm Sunset. Delivering precision control for your shower and bath, the minimalist design will enhance any modern bathroom. The innovative SmartControl technology allows you to select your desired spray source and adjust the water volume at the push-turn of a button. The two valves mean you can switch effortlessly between – or combine – head and hand shower, or between shower and bath. Integrated GROHE TurboStat technology prevents any unpleasant temperature fluctuations. GROHE EasyLogic markings and textured buttons with exchangeable symbols make it easy and intuitive to use. Family-friendly, the GROHE SafeStop override button allows you to set a maximum temperature of 38° C to prevent scalding – the GROHE SafeStop Plus optional temperature limiter lets you add a further limit of 43° C for an extra level of safety. Water-saving GROHE EcoJoy technology gives you the option of a reduced flow rate with no compromise on enjoyment. Thanks to the GROHE QuickFix system it's swift and straightforward to install. The slim profile makes it easy to keep clean, and the durable GROHE StarLight finish will look pristine for years to come. With a slim, round design perfect for that minimalist, streamlined look, this product is bound to enhance your bathroom scheme. Please note that this product must be installed in combination with the GROHE Rapido SmartBox (35600000).
